

## CAR CLUB DISPLAY CRITERIA FOR CLUBS WITH MULTIPLE MARQUE REPRESENTATION

One of our eligibility criteria for car clubs is that the majority of members' cars be a minimum of 20 years old or of special interest. The following list is intended as a guide for determining those cars that could be considered of "special interest" from the last 20 years by the Silverstone Festival Team when considering booking applications from club members planning to attend with a club that has multiple marque representations.

This list is not intended to be exhaustive but simply a helpful point of reference. If there are cars not included in the list below considered of special interest, then their details should be emailed to [carclubs@silverstone.co.uk](mailto:carclubs@silverstone.co.uk) to determine the eligibility of the car for a car club display package. This list guide applies when considering all cars that are newer than a **2004** registration.

Abarth (All)	Lotus (All)
